To: Firestone Building Products U.S. Customers
Re: Price Increase and Shipping Charge Change Announcement

Raw materials and the cost to deliver finished goods have continued to rise throughout 2018. These, and other dynamics impacting manufacturing and shipping costs have made it necessary for Firestone Building Products to implement a price increase on items within our product portfolio and an adjustment to our shipping charges.

The following shipping charge change will be effective **April 1, 2018**.

Shipping Charge

Firestone Building Products is moving from a per mile based shipping charge to a fixed rate charge based on shipment type as outlined below:

Flatbed - \$125/TL
Van - \$75/TL

The following product price increases will be effective **April 30, 2018**.

Product Categories:	Increase up to:
<u>Polyiso Insulation</u>	5%
<u>Membrane Bonding Adhesives</u>	5%
<u>Steel</u> All standard inventory steel items. Sheet, coil and roll form products using: galvanized G90, acrylume, galvalume, bonderized and stainless steel in either mill (bare) or manufactures standard color painted finish	12%
<u>Aluminum</u> All standard inventory aluminum items. Sheet, coil and roll form products using: aluminum in either mill (bare), anodized or manufactures standard color painted finish	3%
<u>Metal Accessories</u> All roofing and panel accessories. Including, but not limited to metal flashings, metal end closures, metal roof clips and metal system fasteners	3%

**Firestone Building
Products Company, LLC**
200 4th Avenue South
Nashville, TN 37201

Product Categories:

Increase up to:

Steel Custom Colors

15%

All made to order (MTO) and custom color metals

Aluminum Custom Colors

7%
